TO HAVE A COMPANY.

FORTY-EIGHT YOUNG MANCHESTER MEN WANT TO BE SOLDIERS.

Interesting Meeting of the Ladies Auxilliary-Several Marriages-Personals and Briefs.

men in this city have been discussing the advisability of organizing a military company. A great deal of interest has been manifested in the movement, and nearly fifty gentlemen have signified their willingness to become soldiers. The first public meeting in connection with the scheme was held in the Police-Court room last night, and quite a large gathering was present.

The meeting was called to order by Mr. D. L. Toney, and Mr. E. Scott Gibbs was chosen chairman. Mr. Gibbs made a brief statement, in which he said he thought Manchester could get up a good company, and that he had the assurance from an officer of the First Regiment that if the company was organized and really in earnest in the matter, arrangements could be made to arm and equip

Mr. Prentice made a feeling response, and the event was a decidedly pleasant one.

THE CLEE CLUB LAST NIGHT.

A Small But Well Pleased Audience

The Baltimore Singers To-Day. The audience which greeted the Pennsylvania Glee, Banjo, and Mandolin Clubs at the Academy last night, though small, was a highly-appreciative one, and rightly so, for the bright and interesting programe was rendered throughout in a clever and artistic manner. The organi-zation, though not as large as others of the same class that have appeared here this season, lacked nothing in efficiency.

TO SING MUSTAPHA. The performances of the "Paint and Powder Club" at the Academy to-day bid fair to be the social events of the Easter season. The seats for to-night have been rapidly sold and a brilliant audience is predicted, as laddes have been reported to wear light dresses and come requested to wear light dresses and come

There is one real spring remedy! There is one real spring remedy!

There is one true specific for diseases arising from a debilitated nervous system, and that is Paine's Celery Compound, so generally prescribed by physicians. It is probably the most remarkable remedy that the scientific research of this country has produced. Professor Edward E. Phelps, M. D., LL. D., of Dartmouth College, first prescribed what is now known the world over as Paine's Celery Compound, a positive curs for dyspepsis, billiousness, liver-complaint, neuralgia, theumatism, all nervous diseases, and kidney troubles. For the latter Paine's Celery Compound has succeeded again and again where everything else has failed.

The medical journals of this country and Europe have given more space in the last few years to the many remarkable cases where the use of Paine's Celery Compound has mada people well than to any other one subject.

NEW YORK STOCK MARKET.

NEW YORK, March 30,-The stock merket to-day opened steady, then declined on account of sharp attacks by brokers usually identified with the Cammack interest, and finally advanced sharply be-cause the raids of the bears failed to dislodge long stock, forcing the shorts to cover, with the usual result of higher prices all round. London did little or no thing, and as for news affecting the mur-

dends to personal enjoyment when rightly used. The many, who live bet-ter than others and enjoy life more, with ket, there was none.

The bears yesterday were quite confident of being able to start liquidations.

They interpreted the veto of the seigncrusade, and dwelt upon the evils that were to follow. Expecting to disturb condence, they sold heavily of the Grangers and certain of the Industrials, naturally with the hope of getting back their contracts at a profit. The plan was well conceived, and would have been successful if holders of stocks could have been frightened into selling, but this they refused to do. In consequence, the bears, after the assault early in the day, when Burlington and Quincy was forced down to 81%. Western Union to 84%, St. Paul to 62%, Sugar to 88%, and General Electric o 41%, without bringing out any stock profession, because it acts on the Kid-neys, Liver and Bowels without weak-ening them and it is perfectly free from every objectionable substance. to speak of, made a complete change of front. This was discovered by the buils, and the efforts of the shorts were impeded at every point. Again the supply of stock was much smaller than the early sellers had calculated upon, and this in self proved of assistance to the bulls. The improvement from the lowest point of the day was equal to \%22% per cent. Chesapeake and Ohio was active, 8,200 shares changing hands at 1920174,018%. the activity being ascribed in some quarters to liquidations, while others con-tended that the selling was due to an effort to checkmate a small pool.

Revenue collections: Cigars and cigarettes, 31,216.75; tobacco, 51,849.68. Total, \$5,066.43.

Dark loose sales to-day, 24,685 pounds; highest price, 7½c.

Total sales for week, 64,960 pounds, and 7½c. highest price.

Bright breaks were fairly large to-day, and prices were generally satisfactory, especially on some very good Lunenburg county tobacco, which brought sbout the highest price of the day. Very few desirable tobaccos with color were offered, but what there were brought the highest market prices. We have no late reports from the crops, and it is not yet known to what extent the plants in this section were damaged. Reports are very conflicting.
